🧠 Purpose

Battle Reports help you understand what happened in a match, how your team performed, and where improvements are needed.

⚔️ 1. Overview Section

Result: Win / Loss

Duration: Total time of the battle

Opponent Info: Name, level, and alliance

Power Comparison: Quick glance at strength differences before and after battle

📌 Use this to assess if you were overpowered or if tactics made the difference.

💥 2. Army Performance

Troops Sent vs. Survived: Shows efficiency and losses

Casualties / Wounded / Returned:

High wounded = strong defense or poor formation

High losses = bad matchup or missing buffs

Healable Units: Units you can recover post-battle

📌 Compare your losses with the enemy's — aim for better survival ratios.

🧩 3. Formation Breakdown

Frontline / Midline / Backline Performance:

Check which troop type absorbed most damage

Identify weak or overexposed lines

Damage Distribution:

Top 3 units or heroes by total damage dealt

📌 Adjust formation next time to protect your key damage dealers.

⚙️ 4. Buffs & Debuffs

Active Skills: Which abilities triggered and how often

Buffs: Attack/Defense boosts that helped you

Debuffs: Effects reducing your stats or efficiency

📌 If you see strong debuffs, consider counter-skills or gear changes.

📊 5. Summary Insights

Victory Reason: Tactical formation, hero synergy, or stat advantage

Improvement Area: Missing buffs, weak units, or poor positioning

Next Step: Rebuild, adjust, and test again
